

Product Group

Raw meat (Halal)

- Red-meat
- Poultry
- Sea Food

Processed meat products (Halal)

- All kind of cold cuts
- Sausages
- Burgers
- Nuggets
- All kind of smoked meat
- Ready meals

Organic products (Halal)

- Red-meat
- Poultry
- Sea Food
- All kind of processed products

Spices and additives for meat and sausage production

- Spices
- Additives
- Artificial and natural casing

Slaughtering technology

- Stunning apparatus and slaughtering devices
- Red-meat abattoir equipment
- Poultry abattoir equipment
- Slaughter by-product processing equipment including intestines

Dismembering and processing equipment

- Machinery and equipment for meat dismembering and processing
- Machinery and equipment for sausage production
- Machinery and equipment for meat curing and preservation
- Poultry processing machinery and equipment
- Other processing machinery (for meat and other food stuff)

Machines and devices for processing of natural and artificial casings

- Casing cleaning equipment
- Casing spooling device
- Shirring machines
- Casing sealing equipment
- Printing equipment for artificial casings
- Other natural and artificial casing processing machinery and equipment
- Processing and printing artificial casings and other services

Facilities, accessories and tools for slaughtering, cutting and processing

- Suction plants
- Slaughtering lines and dismembering lines
- Slaughter pits
- Abattoirs doors
- Cupboards
- Shelves
- Workbenches
- Lifting and tipping equipment
- All types of trolleys, troughs and containers
- Fielage
- Meat hooks
- Dehorners
- Slaughter and hacking knives
- Knives, cutting tools and blades
- Cutting knives
- Saw blades
- Hole cutters
- Butcher's steels
- Polishers

Product Group

- Cutting boards
- Meat cutters
- Meat presses
- Moulds
- Liver sausage shapers
- Boiled ham moulds
- Boiled ham moulds - presses
- Ham/bacon boiling equipment
- Sausage hanging scales
- Sausage filling equipment and hoppers
- Sausage showers
- Other accessories, tools and equipment for slaughtering and processing

Roasting, frying, baking and deep-frying equipment

- Baking, roasting and frying equipment
- Continuous roasting and frying equipment
- Roasting vessels
- Deep frying equipment
- Deep frying equipment, continuous
- Ovens, baking chambers
- Cooking equipment, cooking systems (steamers)
- Microwave ovens
- Other equipment for baking, roasting, frying and deep-frying

Boiling and smoking systems

- Pans
- Cooking units, cooking chambers
- Cooking units, continuous
- Hot smoking units
- Hot smoking units, continuous
- Climatic maturing systems, climatic post-maturing systems, air-conditioned storage rooms
- Smoke generators
- Other boiling and smoking systems

Refrigeration equipment

- Cold facilities, cold tunnels and rooms
- Blast freezers
- Cold store systems
- Air coolers
- Water coolers
- Refrigerators
- Ice makers
- Deep freeze units, freezing equipment
- Cold-room furniture
- Other refrigeration equipment

Automation and handling equipment

- Robotics
- Grab equipment
- Pick & place systems
- Other automation and handling equipment

Packing equipment

- Sorting and conveyor equipment for packaged goods
- Metering and portioning equipment
- Slicers (sausage, ham, bacon, cheese)
- Packaging machinery and facilities
- Packaging materials and aids

Transport and storage systems

- Transport systems (internal)
- Transport systems (external)
- Storage systems
- Other transport and storage systems

Product Group

Weighing systems

- Filling scales
- Container scales
- Platform scales (elevated weighers, floor scales, livestock scales)
- Precision platform scales
- Hanging rail scales
- Metering scales, belt scales
- Check weighing scales (including higher-load check scales)
- Compact scales
- Precision compact scales (analysis, laboratory, tolerance check scales)
- Self-service scales
- Retail scales
- Composite weighing systems
- Mobile weighing systems
- Industrial terminals
- Manual weighing and labelling systems
- Automatic weighing and labelling systems
- Other weighing systems

Foodstuff safety and quality management

- Measuring, control & feedback control systems
- Laboratory analysis
- Hygiene technology

Process control, process-control engineering and automation

- Process control
- Process-control engineering
- Process-control automation

EDP and IT solutions

- Data capture, preparation and processing
- Software and hardware
- IT solutions for logistics, distribution etc.
- POS, integrated POS systems
- Other EDP and IT solutions

Cleaning equipment, operational hygiene and safety at work

- Cleaning equipment
- Plant hygiene and environmental protection
- Safety at work
- Other cleaning equipment, operational hygiene and safety at work equipment

Energy management and supply facilities for water, compressed air, gases

- Compressed air and vacuum equipment
- Gas-control equipment
- Electrical supply
- Heating systems
- Water supply
- Air-conditioning
- Other energy management and supply facilities for water, compressed air, gases

Services

- Consultancy, project planning and engineering
- Federations, authorities and other institutions
- Specialist press
- Other services

Sales - everything for butcher's shops

- Meats and bought-in food products
- Specialist shop fittings / shop furnishing
- Specialist shop equipment
- Sales clothing for butcher's shop
- Supplementary products / equipment for snacks and picnic meals
- Products for catering and party services
- Transport / vehicles
